Summary

Detail-oriented full-stack developer with hands-on experience building web applications using the MERN stack. Familiar with developing RESTful APIs, implementing authentication flows, and working with MongoDB for data modeling and CRUD operations. Comfortable taking features from idea to implementation and fixing issues through debugging and testing. Focused on writing clean, readable code and improving practical development skills through real projects.

Experience

Full Stack Web Development Intern (Remote)

Unified Mentor Pvt. Ltd.

June 2025 – September 2025

- Built and enhanced web application features using the MERN stack as part of structured internship assignments.
- Developed RESTful APIs for common application workflows, including user authentication and data operations.
- Worked with MongoDB for schema creation, CRUD operations, and data validation.
- Demonstrated consistency and reliability by completing assigned tasks within timelines in a remote work environment.

Technical Skills

- **Web Technologies:** HTML5, CSS3, JavaScript (ES6+)
- **Libraries & Frameworks:** React.js, Redux, Axios, Tailwind CSS, Node.js, Express.js
- **Databases:** MongoDB
- **Authentication & Validation:** JWT, Zod
- **Version Control & Tools:** Git, GitHub, Postman

Projects

Sonexa — Social Media Web Application

<https://sonexa-chi.vercel.app/home>

- Built a full-stack music streaming platform with user authentication and protected routes.
- Integrated Cloudinary for audio file storage and media management.
- Designed responsive user interfaces using React and Tailwind CSS.
- Integrated RESTful APIs for music data retrieval and user interactions.

Expensely — Personal Expense Tracker

<https://expensely-blue.vercel.app/dashboard>

- Developed a web application to track and manage personal income and expenses with category-based filtering.
- Created RESTful APIs for transaction management and data retrieval using Node.js and Express.js.
- Used MongoDB, and Mongoose ODM for data modeling and CRUD operations.
- Implemented pagination and filtering to improve data handling and usability.

Education

Master of Computer Application (MCA)

Chaudhary Devi Lal University

2025 – Present | Sirsa

B.Sc. Computer Science

Manohar Memorial PG College

2021-2024 | Fatehabad
